Age calculated at first pap or midpoint of time period for those with no pap

Based on RHA at time of data preparation

Includes women in ISIS covered by Manitoba Health at first date of time period

Adj. Screened includes women with Manitoba Health pap specimen date within time period,

but excludes women with cervical cancer diagnosed prior to first pap test

and excludes women with hysterectomy prior to first pap test

Excludes women with no pap test in time period who have cervical cancer diagnosis date or hysterectomy date prior to last date of time period
