

NEW! Research at CancerCare Manitoba - Care through Discovery

By CCMR

Thu Mar 16 14:00:00 CDT 2023

Cancer patients and their loved ones who walk through the doors of CancerCare Manitoba (CCMB) can know that research is an integral part of what we do, and they can be assured of the best treatment available in our comprehensive cancer centre where scientists pursue state-of-the-art research.

Embedding research into all aspects of cancer control is an essential component of CancerCare Manitoba's mission to reduce the impact of cancer on the lives of Manitobans.

Read our latest publication [Research at CancerCare Manitoba - Care through Discovery \(/export/sites/default/Research/galleries/files/research-report-web_compressed.pdf\)](/export/sites/default/Research/galleries/files/research-report-web_compressed.pdf) to learn more about our research and the key role it plays in advancing cancer treatment and supporting Manitobans.
